Professional Summary

Senior Quality Engineer with 5+ years of experience in Enterprise Software Quality Assurance, Test Automation, ETL Testing, Performance Engineering, and AI-assisted testing. Experienced in Cypress, Playwright, JMeter, SQL, Linux, Azure DevOps, Digital Twin platforms, API testing, and AI-enabled quality engineering. Recognized with multiple excellence awards for leadership, innovation, and delivering high-quality enterprise software.

Core Competencies

• Test Automation • ETL Testing • Performance Testing • API Testing • Functional Testing • SQL Validation • Regression Testing • AI-assisted Testing • Root Cause Analysis • Agile • Test Strategy • Stakeholder Communication

Technical Skills

- **Automation:** Cypress, Playwright
- **Performance:** Apache JMeter, Prometheus, Grafana, Jenkins
- **Languages:** SQL, JavaScript, TypeScript
- **Cloud & DevOps:** Azure, Docker, Kubernetes (Basics), Linux
- **Tools:** JIRA, Azure DevOps, JAMA, qTest, Git, GitHub, Postman
- **AI:** GitHub Copilot, MCP Servers, AI Agents, Prompt Engineering

Professional Experience

Senior Quality Engineer | Rockwell Automation (formerly KnowledgeLens)

Mar 2025 – Present

- Leading enterprise quality initiatives for Industrial IoT products.
- Developing Playwright automation and AI-assisted testing workflows.
- Validating Edge Management across Linux, Docker and Kubernetes.
- Collaborating with cross-functional teams to improve product quality.

Quality Engineer | KnowledgeLens Pvt. Ltd.

Aug 2022 – Feb 2025

- Worked on ZS Associates (ETL Testing), UnifyTwin Visualization, FT-PPM, Performance Engineering.
- Led test strategy, automation, client issue analysis and performance framework development.

- Received multiple Star of the Month awards.

QA Engineer | Software Startup

2021 – 2022

- Worked on JC Penney (Retail) and Roche Data Lake (Healthcare) projects involving ETL testing, SQL validation and quality assurance.

Site Engineer | MPR Constructions

2018 – 2020

- Managed construction execution, planning, quality inspections and coordination before transitioning into software engineering.

Major Projects

- UnifyTwin Visualization – Cypress Automation, Dashboard & Digital Twin Testing
- FactoryTalk Production Performance Management – QA Test Lead
- UnifyTwin Performance – JMeter, Prometheus, Grafana, Jenkins
- UnifyTwin Edge – Playwright, Linux, Docker, Kubernetes, AI Testing
- Roche Data Lake – ETL Testing & SQL Validation
- JC Penney – Functional Testing

Education

- B.Tech, Civil Engineering – JNTU Hyderabad (2014–2018)
- Intermediate (MPC) – BIEAP (2012–2014)
- SSC – Board of Secondary Education, AP (2012)

Awards

- Quality Virtuoso Award – Rockwell Automation
- Multiple Star of the Month Awards – KnowledgeLens
- Star of the Month Rookie Award
- Valuable Gem Quarterly Award

Professional Strengths

- Leadership • Problem Solving • Mentoring • Client Communication • Quality Engineering • Continuous Learning
